Customer Reviews

Excellent collection of the works of the superb writer Stephen Crane, too long neglected. "The Open Boat" is a treasure from beginning to end; his war writing from Cuba is astonishing. He writes : "In the blue gloom of evening, in one of the fever-tents, the two rows of still figures became hideous, charnel. The languid movement of a hand was surrounded with a spectral mystery, and the occasional painful twisting of a body under a blanket was terrifying, as if dead men were moving in their graves under the sod."Who writes with such stark punch nowadays?

While most are familiar with Stephen Crane as author of "The Red Badge of Courage," his other writings are definitely worth reading. His poetry is haunting and thought-provoking. From short

poems of only a few lines to lengthier works, he shows a deeply thoughtful and insightful mind set that resonate in surprisingly modern ways. I re-read these poems often, and even after many years of doing so, I still find fresh food for thought in each new perusal.

The Stephen Crane is another fantastic and definitive all-encompassing entry in the amazing and seemingly endless series of Delphi releases that undertakes and so masterfully presents the works of neglected and not-so-neglected authors of our past. We continually marvel at Delphi's breadth and dedication inherent in all of these volumes. A noble cause brilliantly accomplished and particularly touching in these our troubled times. I am grateful to Delphi and overwhelmed - there is "so little time...".
