Juan Bobo is a popular fictional character that fascinates kids generation after generation. This is a well natured kid that as much as he tries, never seems to do things right. There are many stories about Juan Bobo. This one was very funny. My 4 yrs. old niece love it as much as I did at her age.

As a native Puerto Rican who grew up reading "Juan Bobo" stories I was extremely happy to see that my "two year" old son is just as thrilled with his (Juan Bobo) stories as I "still" am. Since we live

in Hawaii where the main language is English, I purchased the Spanish version because it is an excellent way to teach your child a second language at such early age. The book has colorful images of rural Puerto Rico, and farm animals which makes the reading that much more fun for everyone. All in all- this book is not only great for young children as it is for adults. You will get a good laugh just reading the stories of clumsy- yet lovable Juan Bobo.

Este libro es fantastico! Una historia muy bonita y graciosa como siempre lo son las historias de Juan Bobo. Las ilustraciones son preciosas, gran arte. Me recuerda mucho a mi mama y mi abuela con los cuentos de Juan Bobo. Espero en el futuro poder compartir con mis hijo y que lo disfruten tanto como yo. This is a fantastic book. It's a beautiful story and very funny like all Juan Bobo stories always are. The illustrations are beautiful, great art. It reminds me of my mother and grandmother when they told me the Juan Bobo stories. I hope one day to be able to share this with my children, and I hope they enjoy it as much as I do. It is just absolutely beautiful and very dear to my heart.

I got this book for my daughter, being that I was born and raised in Puerto Rico. This is a very famous character there and I always want it to get this. My daughter laugh a lot with this book, specially with the part where Juan Bobo try to make the cow move, but she can't bcse he tied her legs. She make me read this like 5 times. Is A+++ to get for your kids.

I recall with fondness these stories told to me by my Puerto Rican mother over 60 to 70 years ago. They are sweet and have a morale to their stories as well as delightful photos.

This book helped me remember the stories that my father would tell me about Juan Bobo. Now my family enjoys it also too.

My kids loved these books growing up. Now I have them for my students at school.
