Customer Reviews

I thought that the way the story carried on from book 1 was amazing, you can tell that they both want the same things but are afraid of telling each other as they think that the other just thinks of it as a game. As soon as I finished it I couldn't wait to read the next one. Hazel Kelly knows how to deliver amazing stories in amazing books. Now that we have seen Jack and Aubrey go on their first date, but the thing that they are both worried about is the fact are they both serious about each other. For all Aubrey knows is that Jack does this thing all the time with girls who head on their holidays, but she has no intention of falling in love with someone if they are living halfway across the world. It wouldn't be fair to her, so how will the date go. Jack is insecure about a lot of things, however he knows that this is going to end one way or another so he chooses to not let things get

that series, however we can all see that no matter how much they deny their feelings that they both have such a strong connection. The only thing that's stopping them is each other, but are they both prepared to take the risk. Honestly I love the chemistry that is between them, plus as much as this might sound, I already have a Jack in my life, my partner is the right amount of awesomeness, even though he is afraid to admit his feelings. Give this a go as this series is only going to get better.

I received an ARC of this installment. Things have definitely steamed up between Jack and Audrey and their chemistry is off the charts. They are definitely developing feelings for each other despite knowing each other for such a short period of time, but as I said before, they are kindred spirits. But, each of them hold back on their burgeoning feelings because they know their time together is very limited, although Jack doesn't want Audrey to leave just when they've just begun but what's a girl to do when she has other priorities at home and needs to find a job? In this installment we see that Jack is not perfect and has personal family issues that ironically are similar to one of Audrey's issues but neither brings this information to the forefront. They are determined to make the best of their last day/night together. Audrey's best friend also seems to have found a lust connection on this little trip of theirs but that relationship seems based on a lot of drunken sex; Audrey and Jack's connection is so much different in every way. Jack feels Audrey is everything he's been looking for in a woman, but how will he keep her? Audrey's departure is quickly approaching and I am anxious to see if the two will find a way to keep their connection; I can't wait for part 3!

Wow, I'm enjoying this vacation almost as much as Audrey is. Whewwwwww...! After a cliffhanger ending in Book 1 as Jack dealt with some unpleasant personal business, at last we get to peek as these two explore their attraction. And that Hazel Kelly is proving to be quite the trade -- and one of my favorite writers, as it turns out. She builds the story as well as the sexual and emotional tension sloooooowly. And then BOOM the heroine is overheating while gazing upon her lusciously well-hung partner's bounty "like it's a f*cking unicorn's horn." After reading this second installment in this trilogy, I may still not feel inclined to visit Thailand, but I'm sure feeling mighty curious about couples' massage. On to Book 3!

An unforgettable show, a rooftop bar, and a massage at a spa...Let me just say, Jack Quinn I am booking a flight to Thailand to find you! Jack is really going all out to impress Audrey and she is loving it! This book gives you just a taste of the sizzling attraction these two share. As their mutual attraction for each other grows, Audrey's time in Thailand is running out. Can Jack convince her to

stay? Or does Audrey accept this as just a holiday affair even though her feelings for Jack are growing? I can't wait to find out! Anxiously awaiting book 3 in this series! Highly recommended! You don't want to miss out on another one of Hazel Kelly's outstanding books!! I received an ARC copy of this book in exchange for my honest review.

I was gifted this book for an honest review and loved this second book as much as the first of this series. What really gets me is that Audrey thinks that she is not good enough for a relationship. But for a fling on vacation is ok. I think she and Jack really need to sit down and talk about how they really feel about each other or they are both going to be really really miserable. Jack I think really cares about Audrey. They have a chemistry thing going on between them. The author did it again and now I want to see if they do get together or mess it up.

So we're finally getting into some good stuff here. After their non happy ending on the first date, Jack and Audrey try it again and it's hot! There's a clock ticking since she's going back and he asked her to stay more days after just the first night -- and after that sex he should ask again. So of course we wonder what's going to happen. I like the parallels between Audrey and Jack's parents (nice touch) and I'm looking forward to how this plays out.
