Forever, My Homeland: The Final Book In The All My Love, Detrick Series

Synopsis

Book Five, the final book in the All My Love, Detrick series. A group of Americans decides to tour Israel with their Synagogue. But unbeknownst to the other members of the Temple, one of the visitors has a secret that compels her to take this trip to her Jewish homeland in search of answers. Meanwhile, a group of radical Islamists plans to use the American visitors as a way to bend Israel's policy of never negotiating with terrorists. They will use any means necessary in order to free members of their group who are being held in Israeli prisons. However, in order to achieve their goal, the terrorists must contend with Elan Amsel, a Mossad agent who has devoted his life to the survival of his beloved Israel. He believes that nothing can break him, that is, until the fate of two innocent girls is thrust into his hands. Forever, my Homeland, is the story of a country built on blood and determination. It is the tale of a strong and courageous people who don't have the luxury of backing down from any fight, because they live with the constant memory of the Shoah and in the back of their minds, there is always a soft voice that whispers "Never Again".

Customer Reviews

This book tied the other four together. Karan's ability to develop the characters so deeply really kept me turning the pages. Also, her research is very impressive and I enjoyed learning about the history

- even though I've read about Israel's history in other books. The book has so many aspects and I almost felt like I was reading about my relatives, although I have no Israeli relatives and sadly have never been there. I recommend starting with *All My Love, Detrick*, because it's the basis of the future characters. I really hope Roberta is writing Book six. There's so much more to say.

Loved this series. Did find some disturbing grammar and context errors. Story said they were on their way to Paris when they were hijacked to Entebbe but then in the next book it says they were on their way home from Paris when it happened. Editing was not very good. Also it jumps around some times so bad it is hard to keep track of people. Some things are rehashed over and over so much that this could have been cut to fewer books in the series. But I did like the story a lot.

I read the last two books in this series and loved them both. I enjoyed how the characters grew and passed through one another's lives. Much of the history I knew, as I too need to delve into Jewish history. That for me was a plus to learn how the characters coped with what life dealt them.

I read all the books in this series. Couldn't put any of the books down. I'm glad the author wrote the story in a series rather than as one book. I felt it would have become tedious if she had. As a series, I couldn't wait to finish one and go on to the next, my interest was peaked all the way through.

"Forever, My Homeland: The Final Book in the All My Love, Detrick Series" by Roberta Kagan was excellent! I wondered what had happened with the characters, and she explained it fully. The author is a very talented writer and draws one into her novels.

Roberta has done it again. Taken us in to feel and know the characters in this series. I love how she tackles racial issues, real feelings and what is happening in our world. I enjoy historical fiction and this one was truly great. I look forward to more great writing.

Why can't the human race learn this lesson from God or who/ whatever they look to for guidance (that is other than evil). I read books 3-5 and was impressed. Very insightful and educational and profound.

I enjoyed the entire series. There is love, romance, war all set in the most unromantic of times. Even in the most desperate of times, there are always good people who somehow prevail. Just one not, I

wish the proofreading of this series was better.
