Customer Reviews

Wow. It is difficult to know where to start with this review. When Bared to You released, I loved the book, but I had questions as to whether Eva and Gideon would be able to turn their attraction into a lasting relationship. One thing was made clear, whatever would come for Gideon and Eva, it

wouldn't come easy. With eager anticipation and a healthy dose of curiosity I began *Reflected in You*. I read the whole book in one sitting. *Reflected In You* grabbed me, sucked me in, pulled me along an emotional roller-coaster, and left me in awe. Readers, if you sit down with this book hoping to walk away with that blissful, romantic feeling then this series may not be for you. Gideon and Eva struggle. Their relationship is plagued by their individual insecurities, communication breakdowns, and the demons of their pasts. However, the rawness of the emotions between Eva and Gideon is striking. One minute I was convinced that they would never be able to make it work. A few minutes later, I was crying and hoping that they could just keep it together. *Reflected to You* is a book that stands out in its genre. I am convinced that part of the reason this book is notable is because of the realism of the story. This book, this series, does not read like a fantasy romance. The issues the characters face feel real, the emotions they deal with and turn to feel real. The characters' actions are understandable, in their own way. The attraction and chemistry between Gideon and Eva heats the pages. There is no question that this book is a smoking hot read with powerful, emotional, dominating sex. However, Sylvia Day makes it clear, there is much more to this mesmerizing story than sex.

I didn't think it was possible for me to love Gideon Cross any more than I already did, but by the time I got to the end of this book I discovered how wrong I was! I have a top 10 list of *Book Boyfriends* and let me tell you that Mr. Cross is in the top of that list. I am a sucker for a tortured hero and Gideon has that in spades. This book literally picks up right where the first one left off. I complained in my review of *Bared to You* about how Eva runs at the first sign of any conflict. She is still doing that, but to be fair no time has really passed for her and throughout the course of this story she does grow up some, but she still has that tendency to jump to conclusions. In her defense, though, Gideon does make it awfully hard for her. They are still learning to trust each other and while I do believe that deep inside they do, it's really hard for them to show it. I liked that we got to meet a couple new characters in this book. I loved Eva's dad, I really hope that we get to see more of him in the next book. I was also really happy to see that Eva is realizing how important it is to have other friends. She loves Gideon and he is everything to her, but she is also starting to realize the need to have other people that she can count on. I liked Cary in the first book, but I loved him in this one. This book was really rough on him, but he came through like the champ that he is. He still has some stuff to work through, but it's clear that he's a good person and he really loves Eva and I think he's really good for her. He is the one who makes her think through all the stuff that's going on with Gideon. He wants what is best for her so he'll always be there for her when she needs

him. Gideon was the one who really grew the most in this book.
