## Synopsis

This New Zealand book was written by Max Crarer of Wairoa while in his mid-70's. It tells the true story of how several years earlier he accidentally healed his Glaucoma (of 12 years standing) by the use of minerals and vitamins. Max was well known to listeners of Radio Pacific and shared his story with them before writing this book. There appears to be no other book like this in the world. In this book you will find natural treatments for: \* Glaucoma \* Tunnel Vision \* Macular Degeneration \* Cataracts \* Conjunctivitis and \* Vision impairment caused by Diabetes. Max Crarer's combination of herbs, vitamins and minerals have helped thousands. Following his healing, Max researched eye healings by studying the findings of eye researchers from all around the world. Since then, through his own experience and the numerous personal experiences of others and his Radio Pacific listeners, he has discovered a combination of herbs, minerals and vitamins that have helped thousands of NZ sufferers of various eye complaints. He calls this natural course of treatment 'Triple Therapy' as it combines the three effects of herbs, minerals and vitamins. This book reveals the full Triple Therapy treatment.

## Customer Reviews

Very simple explanation of the herbs and supplements that he took for healing his eye problems. It spurred me to get some eye supplements because I realized the importance of taking care of my eyesight. I already have poor vision and am starting to develop cataracts plus my mother had macular degeneration. I'm glad I purchased this book because it helped me to key in on exactly what I needed. Hopefully, I will have the same success as the author did!

I learned a lot of things that are quite interesting. I will be going to the health store tomorrow to purchase some of the mentioned vitamins and minerals.

This book has a great deal of info on using vitamins and minerals. I think in this day of modern medicine pushing drugs for everything, that getting back to the old ways and using natural treatments is refreshing.
