Aidan (Lucian & Lia Book 5)

Synopsis

"She's a dirty-talking, sassy-mouthed handful who keeps me on my toes. I never know what's going to come out of that mouth next, and it turns me on like you wouldn't believe." Aidan Spencer walked away from his family and his friends when the woman he'd loved since childhood died while attempting to kill his best friend's wife. Aidan had chosen to save another and in doing so had lost Cassie. For over a year, he's been isolated from everyone he loves until a family emergency brings him back home. When he meets a woman along the way whose problems are more dire than his own, he must decide if he's strong enough to fight for the woman he's falling in love with knowing there's no promise of a tomorrow for them?

Customer Reviews

Well Sydney Landon has done it again. I absolutely LOVED Aidan!! I am truly sad to see this series end. This series has definitely been one of my favorite series. I have loved every character and storyline she has given us. Aidan in the 5th and final book in the Lucian & Lia Series. This book is probably the most emotional book of the 5. I was crying at many different times while reading this story. Sydney covers a very serious topic in this story and I believe this book will hit very close to home for many readers out there. I have to be honest and tell you I never would've guessed this

was the direction Aidan's story would've gone. I don't want to say too much because this is a book I think you need to go into blind and just immerse yourself into the story and all the different emotions you will feel. This story is told from both Kara and Aidan's POV. This is a fairly quick read but nothing is rushed. I felt she gave us the perfect story for Aidan. This was another wonderful addition to this series. To me this is a MUST READ series!!! We met Aidan back in Pierced (Book 1 of the series) and I have to be honest I loved him even back then. I knew I wanted him to get his own book right from the very beginning. This book can be read as a standalone from the series, but truly I wouldn't recommend it. I feel you should definitely read Pierced, Fractured and Mended first just to get the feel of all the characters in this series. There is a lot of backstory on Aidan told in the other books. Now don't worry if you don't want to read those books, you will get Aidan's backstory in this one as well. I personally don't remember meeting Kara in any of the past books, but I guess we might have briefly. Since she is Lia's cousin.

Title: Aidan Series: Lucian & Lia (Pierced) Author: Sydney Landon Designation: Book 5 of Series, Can be read as a Standalone, Full-length, No Cliffhanger My Rating: Five Divinely Entertaining Stars***** Where do I begin? Have you ever read a book that affected you so profoundly, it left you completely speechless? Well, this is one of those stories. I've been a diehard Sydney Landon fan for years and generally order her books sight unseen. It doesn't matter who's on the cover or what the title is; if Sydney Landon writes it, I buy it. She ranks as one of my top five all-time favorite authors in the romance genre and I've never been disappointed with her work. But I admit, after having read the first four releases in this series, and loving them all, my expectations for Aidan's story were even greater than for any of the previous books. I could hardly wait to get it in my hot little hands. In all honesty, I truly believed it impossible for Landon to meet those expectations but I was sorely mistaken. Surprisingly, she not only met them, she completely surpassed them and totally blew me away! I generally order her books months in advance, then anxiously await each release but it's always worth the wait and this time, she has truly outdone herself with Aidan, the fifth and final book of the Pierced: Lucian and Lia Series. This is one of the most emotionally engaging stories I've ever read and that's saying a lot because I've read thousands and thousands of books, too many to even count. It's not often an author manages to engage all five of my senses while reading a story but Landon did exactly that.
