Customer Reviews

A very wild family affair. I don't really consider to recommend this book for the youngs. This fits to those who are open minded. Every scenario is very intense and can feel every situation of the story. Really hot. I will remind you again, good for those who are open minded.

The story I read that is worthy of mentioning is the first 3 part story. It has some missing words and grammar errors, However the story is pretty good, so that's the part of this book I'm rating. I could give it more stars if there were less errors. I read a few of the other stories, I think I've read some in

other collections. They just seemed familiar to me.

Wow! This is really a compilation of short great story that made my day so perfect. The story was written well and so detailed. I really enjoyed every hot scenes that made me a page turner.
