# Tao Te Ching: El Libro Sagrado Del Taoísmo (Espiritualidad Y Pensamiento / Spirituality And Thought) (Spanish Edition)

## Synopsis

Tao Te Ching is to Taoism what the Bible is to Catholicism, or the Quran to Islam. It is not known for certain when it was written, although many different versions exist. There are even those who doubt that its author was Lao Tsé, venerated today in much of the East. Originally written as instruction for leaders, it is divided into short chapters where the characteristics of Tao are described. An example of balance, harmony, and communion with the natural course of events, "Tao" is a path of self-knowledge that draws the human being closer to wisdom and spiritual completeness. Readers of different religions, as well as atheists and agnostics will find teachings in Tao Te Ching that will fit their own beliefs. This demonstrates the richness of Taoism both in universal and timeless philosophy. It is a philosophy that this book explains with clarity.

Excelente libro, muy inspirador

Excelente edición! Para los que están en la búsqueda espiritual, ya sean creyentes de alguna religión, o no, este libreto contiene una sabiduría concentrada que da apertura a todo el misterio de la creación. Como sacerdote, de tradición católica, es mi humilde opinión que Jesucristo, es la máxima expresión de lo que es el Tao. Para entender el mensaje de Jesús, esta lectura es indispensable. Los políticos y gobernantes también se beneficiarán de la sabiduría del Tao

Te Ching!

Nos muestra que hay mucho que aprender durante la vida, nunca es tarde para interesarse por la cultura. Recomiendo esta lectura pues amplia nuestros horizontes.

buenas lecturas..
