Customer Reviews

This amazing epic is a story on four levels. It is a murder mystery and a character study (on a grand scale). It is also a treatise on religion as well as monumental expose of pre Bolshevik Russia. One of the truly great novels I have ever read. Enormous in scope, microscopic in detail. A challenging read that will leave you drained but wanting more.

"Brothers Karamozov" is so good right from the first paragraph that I literally could not put it down -- I read it while cooking, during an ultrasound exam (!), even for 5 minutes in church! It's a grand,

sweeping epic of a novel, which reads like the latest page-turner on the best seller list -- the characters are so vivid & real & 3D, the most amazing & appalling things keep happening to them and keep being caused by them, & yet at the same time it's a fascinating look at 19th cent. Russian life & mores, at religion, at the psychology of families....just a FANTASTIC novel, I've never read a finer one!!

The Brothers Karamozov is an epic yet personal novel that will knock the wind out of you. My favorite character is the vapid Grushenka who bedevils all of the slightly twisted Karamozov brothers and Father. A great book for its religious, historic, and lyrical values.
