Ballers: His Game (Ballers Series Book 1)

Synopsis

Ballers : His Game Book 1 in the Ballers Series
For Him she was the one from the moment he saw her. He just didn't know it would be so hard for her to see him, but when she does he takes his chance. He would never regret it, but what he would regret is walking away. Then she appears in his life again and he is floored by all he truly walked away from. It will never happen again, no matter what. Football had been his life, not anymore and if walking away from it all is what it takes to have her and all that comes with her so be it. He has left it all out on field, now it is time to leave it all at her feet. Because Tamara is his for keeps!
*This is Book 1 in the Ballers Series. This book can be read as a stand although characters from Hush do appear. Blue Saffire's books are written to weave, loop and intertwine with one another. You will find that the series build together for a greater experience.
**This book has strong language and sexual content. This Book is for Mature Readers 18+

Customer Reviews

I loved this book. Brad and Tam were wonderful, strong characters. Both were independent and

their family and friends were good supporting characters in the story without taking over the story. This reminded me of why I love reading a good romance. The story took you away for a few hours and left you smiling and feeling good at the end. It had a couple of hateful characters, who added some drama to the book. Great read. This was refreshing after the garbage that has been offered as romance novels in the Interracial Romance category.

I love that this author weaves characters throughout her books. This was a wonderful story with a great HEA. The hero and heroine had great chemistry. At one point I thought the heroine was going to become the traditional stupid girl and run without having a clue, but the author decided against that, and for that I am grateful. You won't be disappointed in this one. Great read!

5/31/16"" i love when race is not the issue, but loving each other is so much more!!! Bradley did his thang from the beginning and i loved that! His family accepted Tamara from jump street no questions asked. They saw a woman...not a black woman but the woman their son loved. And their daughter! Blue knocked this one out the park! Plus having the Donati and Marriettes as well in their life.. cant ask for more""

Overall this was a very good book. Bradley & Tamara story touch upon a number of issues from race relations, backstabbing, jealousy, and control. What was great about this love story is regardless of time and obstacles Brad and Tam found there way back to each other. In this story the supporting characters only make the story better. Sex scenes were hot as well. Highly recommend this author and story. Cannot wait to read her next book.

There are some people who leave a lasting impression on the mind, heart body and soul. For Cam that is Tamara. One pushing. The other doesn't want to but ends up summiting the conversation. That leads to their bodies connecting by the end of the night only to draw the wrong conclusions the next day. Ballers: His Game.. I loved it from the start. Blue puts together a very nice romance that reminds us singles to stick around and clarify any misconceptions you might have. This way you aren't drawing the wrong conclusion that could lead you to missing out on love.

Simple misunderstandings temporarily can prevent you from the destiny, but true love will conquer all. Bradley is the prototype of the sexy alpha that loves hard. Tamara is the epitome of the strong woman that does what she has to do to create a life to achieve professionally and well as take care

of the ones she loves. Put these two together you get an heartfelt, steamy, and sometimes comical tug of war.

I loved Brad. Once he found Tamara again he made clear that he wasn't letting her get away. Their chemistry was strong. Brielle was really sweet. I was happy to see that Tamara didn't run away when a problem occurred, and she listened to and believed in Brad. It was nice to have characters from the other books appear briefly. Uri and Val are one of my favorite couples I look forward to the next book by this author.

Bradley and Tamara found love up in the club; however, they are each other soul mate with some sizzling hot chemistry. I love a real man, Bradley, because he didn't take wooden nickels or let no one disrespect his family. Tamara stands by her man, and she informs Bradley's ex-sister-in-law that she needs to stay in her lane. I can't wait for the next book. This book has some crazy drama.
