Billionaire's Quarry:

Outline

Jude Hurst is a thirty-year-old billionaire, living in Dallas, Texas. Born into money, as his family has made their money off of oil in Texas for three generations, he's spoiled rotten and used to getting anything he wants. Mercy Noland is a twenty-six-year-old Spa manager in Dallas, Texas. She's a no nonsense, has to work hard for her money kind of woman and strong to her core. Mercy's parents and older sister and her sister's husband died in an auto accident two years prior. She'd been babysitting her sister and brother-in-law's six-month-old daughter and two-year-old son when the tragedy happened and since their death she's taken them on to raise as her own. Now the kids are two and a half and four and real handfuls. Their initial encounter has Jude taking his current love interest, another spoiled rich woman, to the spa Mercy runs. After the woman makes a scene, Mercy comes to take care of the hard to handle client and finds Jude sitting by idly, watching his girlfriend be a huge bitch. After calming the woman down, Mercy casts a very disgusted glance at Jude who can't stand the fact she did that to him. He'd been watching her and had found her very intriguing and was thinking about coming back later and asking her out. So our story starts out with him seeking her attention and her not giving it to him. Jude's used to getting what he wants and goes after her full tilt. But Mercy isn't interested in being someone's sexual trophy. And she thinks that's all Jude wants. As the story goes on, she gives into him and they both feel a bond but she doesn't like his spoiled ways nor his overbearing nature. She thinks he'd be terrible with her niece and nephew. He has no idea about the kids as she keeps that part of her life hidden from him. In the middle of the books he'll find out about them and see Mercy in a whole new light. He's been thinking she was playing hard to get but then he sees she was protecting the kids. Jude really gains respect for her and finds himself growing up and thinking like a man and a father rather than the spoiled person he's become. Without her knowing what he's doing, he manages to spend some time with her niece and nephew while they're at their daycare. As he volunteers to read books to the kids there so he can get to know the kids. When he gets her to go out with him again after winning the kids over, she's shocked to find out they know the man as he shows up early to pick her up and she hasn't taken the kids to the babysitter yet. She doesn't take it the way he thinks she will, she gets furious and calls off the date and tells him she never wants to see him again. Jude's left not knowing what to do. He's fallen hopelessly in love with Mercy. Doing everything he can to get her to talk to him and let him explain he wasn't stalking her or trying to hurt her, he ends up

getting in a car wreck as he follows her home one day after work. Jude is hurt in the accident very badly. Mercy feels horrible as she stays in the hospital with him. Heâ™s in the hospital for two weeks recovering from an emergency surgery. Jude asks her to please bring the kids to see him and she complies. While heâ™s in the hospital she sees he needs her and loves her and she takes him up on his offer to move in with him on the huge ranch he has. After a while of living together, he asks her to marry him and she accepts. They all live happily ever after. Scroll up the page and download your copy now

Customer Reviews

I received an ARC for an honest review. I really liked this story. At times in thought Jude was a totally spoiled billionaire, but he freely admitted it. He decided he wanted Mercy, so he focused on going after her, like a hunter after his prey. Initially, I don't think he was looking for long term, but then he got to know her. She intrigued him because she didn't just fall for him. She basically tried to run him off. She was keeping a big secret from mostly everyone. She lost her parents and her sister and brother-in-law in one night 2 years ago in a car accident and became an instant mommy to 2

children under 2. Her bosses at the Spa she manages don't know. Only the day care people know. When meets her at the Spa and asks her out, she says no. Every time after she says she's busy but she won't tell him why. She agrees to meet for breakfast, hiring one of the daycare people's daughter to babysit. Mercy realizes she likes Jude. A lot. She's ever attracted to him. What I can't figure out is why she felt she couldn't ever tell him about the kids. The story is great. Major twists you won't see coming! I couldn't put it down!

This is a story about a spoiled man whose is used to getting whatever he wants, and then he meets Mercy, a young women trying to overcome tragedy and that all that changes. Its the first time in his life he's had to work hard for something he wants. If you read it, you won't be disappointed.I recieved this arc for an honest review, and here it is...

Billionaireâ€™s Quarry â€“ A Billionaire, Bad Boy, and Romance by Michelle Love â€“ Books 1-10Wow, I have not enjoyed a book or series like I enjoyed this book in a long, long time. I stayed up all night to finish this book as I could not put it down. My Kindle was on FIRE.This is a series of 10 small stories that you can read for free on Kindle Unlimited on . They must be read in order and all 10 books come in this free series.Mercy is a young girl, twenty six, and is the spa manager at an upscale Spa that services the very rich and spoiled. Both her parents were killed along with her sister and brother-in-law in a fatal car accident while Mercy was babysitting her 2 and a half year old nephew and her 6 month old niece. With no other living family members she becomes an instant mom to these two children. Two years pass and in all that time no one knows that she is taking care of these kids all by herself except for the nursery school where she bring them every day while she works. Then Jude comes into her spa one day and decides he wants her and will stop at nothing to get her. His continued pursuit of her is sweet, endearing and so romantic. Mercy tries not to get involved because she is afraid to let anyone into their lives as they are all having a hard time adjusting to the deaths from 2 years ago. This is a very touching story, well written with awesome characters, a great story-line fully thought out and developed. It is full of mystery and intrigue and sexy love scenes. You need to read this book to see what happens and I promise you that you will not be disappointed. I would give this book and series 10 stars if I could. Read it today, because I just loved it. Thank you so much Michelle Love.

The table of contents on the ebook version is way too confusing. The opening story "Billionaires Quarry is pretty good. A little relegation v e and wordy, but a decent story. I couldn't get into the

other books very much. Their conversations were stilted and the storyline jumped all over the place.

I received an advance copy in exchange for an honest review. I loved the book, couldn't put it down, started it and read straight thru to the end, great read. I'm a romance junkie and this doesn't disappoint.

Wow - Michelle Love does such an awesome job at writing these Billionaire stories!!! This is an amazing story - and I just love the way that she breaks it down into mini-books within the book. Mercy is the main female character of the book. Mercy has a secret that she keeps from almost everyone. Her parents, sister and brother-in-law were all killed 2 years ago in a car accident. Mercy happened to be babysitting her niece and nephew when the accident happened - so, being their only relative alive, she was given custody of the two children. The only people that know the true story are the day care that watches them during the day. Work - she manages the SPA - has no idea about her private life. Then, a totally spoiled billionaire - Jude - comes into the Spa and sets his focus on Mercy. I don't write spoilers - but OMG OMG OMG!!!! You just have to read this book and find out what happens and how it happens between Mercy and Jude. Believe me - you will NOT be disappointed!!!! I was given a copy of this book for an honest review.

Mercy has been raising her niece and nephew for the last two years. She lost her sister, brother-in-law, and parents all in one car accident. She had to grow up fast and take on responsibilities she never dreamed of. She is devastated by the loss and has not been coping well, hiding the children from everyone and keeping her distance from anyone new. Jude is spoiled and self-entitled. He has never had to work, had anything he ever wanted, and knows he will never have to work. He is shocked when Mercy turns him down, no one ever has, and immediately sets out to hunt her as his quarry. As Jude gets to know what little about Mercy she reveals, he cannot help but fall in love with her down to earth and take no crap from him attitude. Both are still very immature and their arguments consist of one of them running away in extreme anger, instead of talking rationally and maturely. I wish their talks could have been more substantial to see the connection between them better. I received a copy in exchange for an honest review.
