Theo, what can I say about him, he has it all but the one that got away. He's 25 and he's going to retire after his next fight. Moody tells him that there's some chick wanting to see him, he thinks it's some loco girl but when he sees who it really is he can't believe his eyes. After three years

Mackenzie Brooks just shows up at his place. He had tried tracking her down. It was like she had just fell off the face of the earth. Then after three years she just shows up. She's not the same person as she was before. The only reason Mac came back to town was to get the money her great-aunt had left her but her mother had taken it and spent it on pills and booze. Then her mother acted like she was the bad one like always. Theo followed her and found out that she was staying in a woman's shelter. He didn't like it at all. Then he found out that she had a kid but he didn't remember having sex with her one night and she didn't tell him so he didn't know that the little girl Logan Mitchell was his, but the first time his mom seen her she just knew right away that she was her granddaughter. She promised not to tell him before the fight. Mac was hoping by then she and Logan would be gone. She knew that her moms boyfriend was going to find her and this time he would kill her. She knew she was safe in the apartment, Theo had great security but she was still worried. Theo knows that's she's hiding something else besides the identity of the father of Logan. She wants Theo and wants Logan to know her father but she doesn't want to involve Theo in her mess. She's running out of time. She needs to find out where Stefano is and if her mom knows where he is. She don't want to have anything to do with her mom.

Having first encountered Canadian author C.M. (Chantel) Seabrook in one of her joint venture novels, it is terrific to see how smoothly and elegantly she is able to place a paranormal romance before us and pull us into her fantasy so successfully. Her solid publishing list includes *CARA*™ *TWELVE*, as well as the *THERIAN AGENTS* paranormal romance series, and the co-authored *MATED BY MAGIC* series. Chantel lives in London, Ontario and is passionate about her writing â “ an obsession with fantasy, paranormal romance, and science fiction â “ and the result if some of the most polished â ^out of the ordinaryâ™ stories you will likely encounter. Oh, and she has an Honors Degree in Anthropology from Western University â “ and that may have conjured her paranormal Therian series that is so popular. We first meet our main character Theo who is a MMA fighter: â ^Twenty-five and retired. I grunt at the thought. Most men my age are just starting their career in the octagon, but lâ™ve got bigger plans. Plans that donâ™t involve having my teeth rearranged every couple of months.â™ But on to the story: â ^Mackenzie Brooks is everything I've ever wanted. Three years ago, she walked out of my life. No explanation. Just gone. With the biggest fight of my career only weeks away, she walked back in. I'll do anything to protect her. Destroy anyone who tries to hurt her. When it comes to Mac, there isn't a line I won't cross. I've loved her my entire life, and now that's she's back I won't let her go. She refuses to speak about the past, or the secrets I know she's hiding. I know she's planning on running again. But when you love someone, you stay

and fight. Even if you're fighting blind.
