## Customer Reviews

5 A TWIST I DIDN'T SEE COMING STARS!!!! I've been waiting since March 7th for this book to be released and as much as I loved Ice I love Fire that much more!!! Both authors have done it again with this conclusion to these first two books in the Elite Forces Series. We pick up right where

we left off in Ice which I so appreciated because it just brought me right back to the edge of my seat from the first page. There is so much action in this book both from a physical sense and an emotional one as well as Kaleb and Jade have to deal with so many things in order to get to a point where they can be together forever. There's also a twist in this book that totally threw me for a loop and is totally BRILLIANT!!! I literally talked to my kindle while reading this book because of all the mind boggling stuff being said and done. Trust me when I tell you, once you get enmeshed in this Elite Forces world you'll be hooked just like I am. Long story short, I can't give you anymore than this because it would just give everything away and you want to experience it just like I did as the story unfolds before you. Just like Ice this book has it all - intrigue, action, drama, incredibly hot sex, and so many emotions experienced by everyone involved, but none more so than Kaleb and Jade. You won't be disappointed!!!

Just finished FIRE by Hilary Storm and Kathy Coopmans!! The ladies brought the same intensity and heat that they gave us all in ICE! What a thrill ride! This book had my heart racing quite a few times and trying to read faster to see what was going to happen next. I just had to know! Jade is one tough woman. One of the toughest ones that I've ever had the pleasure of reading about. And Commander Kaleb... He was just as sexy and alpha as he was in the beginning when I fell for him. You really MUST read FIRE and I'm talking as soon as it goes live tomorrow. 5 HOT HEART POUNDING STARS!!!!

Loved it perfect ending for these two action packed lots of sex and banter back and forth I loved it and am so glad I waited for fire to be released before I read them both... can't wait for Harris story but really would love to see more of action Jackson keep them come Hillary and Kathy loved the elite force...

This 2 part story was perfection! It had just the right amount of drama, suspense, action, angst, love to make you not want to put it down! Fire and Ice oh my...what a combo! I fell in love with not only them but all the characters. I am looking forward to Harris but I have to say Jackson has my heart already!!

Be still my heart! I simply loved all the action, romance, and yes! The scorching hot sex! This book kept me glued to the pages, as did Fire from page ONE. Truly, a must read both books. I anxiously await the next book in the series!

Wow, I loved this book, definitely a must read. It will pull you in right from the beginning, you won't be able to put it down. It's very Intense, Really Hot, and full of Suspense, it will keep you on the edge of your seat. Jade is so awesome she is definitely someone you would want on your side. My heart hurt for Caleb all the pain, and torture he went through, when he was captured. I seriously wanted to jump through my kindle and hurt the piece of trash that tortured him, I could feel his pain, it really hurt my heart. He was a crazy, mean, worthless piece of crap, that could be careless about Caleb. Well you know the saying what goes around comes around, it will definitely come around to him, and there will be a smile on my face when it does, he deserves to feel some of the pain that that he has inflicted on others. Kathy Coopmans & Hilary Storm did it again this book was Amazing.

The passion heartache and dominant force of Fire carries through from book 1. Ice continues to battle with being treated equal in the eyes of the team due to being a woman. Fire wants to protect her, but she wants nothing more than to walk by his side. She doesn't want him standing in front of her protecting her. Tempers rise and lines are crossed as all hell breaks loose as they battle both with their internal feelings and with enemy. The energy and passion pop from the pages. A must read for sure! I hope this is just the beginning of Hilary Storm and Kathy Coopman's collaborations!

Fire is the amazing conclusion to Jade and Kaleb's story, with a twist I never saw coming. The intensity of Fire is off the charts. Hilary Storm and Kathy Coopmans did an incredible job at weaving in the team members and building the anticipation of future book in this series.
