Risking everything, she acts on her instant telepathic and physical connection with Esca and encounters a level of psychic power she never knew existed. Esca can't believe he's finally met the female who will complete his sexual and telepathic triad. He promises himself that if they survive, he'll take her back home, introduce her to his enigmatic First Male, Ash and pray that biology will do the rest. Customer Reviews

I really enjoyed this book, but I felt the short length was a huge disservice and prevented it from its potential. The ending is extremely abrupt and sets a poor aftertaste when finishing the story. Good writer, too light on details, too fast pacing, and bad ending

Pearce writes a sexy romance between three unusual characters. Esca is the most sexy alpha and likable character. Ash is more reticent and harder to get to know. Esca is surprised when he get matched with an alpha male who is his leader, especially when he is an alpha male himself. It was fascinating reading about the world they lived in, the expectations of their planets and just what happens when a sexy female is introduced into the mix. Pearce never disappoints.

I'm a long-time Kate Pearce fan and actually read Viking Unbound (Triad Series Book 3) first and HAD to go back to the beginning of the series. The characters are great. Ash is the ever-patient and controlled politician. Esca is the battle-toughened soldier with a strong sense of honor and duty. Soreya hides her pain beneath a resigned facade. When the three come together, everything and anything becomes possible and molds are broken.

I'm a fan of Pearce's writing... she can take a simply story & make you feel like you're part of it. She's a pro @ making sex hot & erotic & not pornographic. The beginning of this story shows how someone might react to not getting the "expected" news he was anticipating & then off stage Pearce let's you know alot of time has past before feelings have gradually shifted. The development of both the H warrior & H diplomat were believable & super hot. The h tugged @ my heart strings but showed her spirit & courage of acceptance. I enjoyed both the story & the heat, my one criticism was there was no epilogue to tie up atleast some of the loose ends.... an omission many authors seem to make. If you like heat, sci-fi, menages & loyalty.... this a gold mine for you.

I picked this up as a recommendation and I wasn't disappointed. The M/M isn't something I usually read but the story line was good and the sex scenes were done tastefully. There is a F introduced into the story so it turns into a MÃ©nage. I like the futuristic/telepathically connection part of it rather than it being a normal now time story. I'll definitely pick up some of her other books.

This is the first in the series of two. I bought this on whim as I have never bought paranormal romance before the two of these. What a great surprise. I am so happy that I did. This is not at all what you would expect and it is beyond sexy. The interaction of these three is phenonenal. You will not be able to put it down. I must warn you, this is VERY explicit sex with 2 males and a female and if you are not into that then, this is not for you. But if you are brave and want something very different yet incredibly stimulating try this one and the matching one in the series. You will not be sorry. I loved them both and will read them again.

The Power of Three, Triad Series Book 1. Loved it! A fun, fast, and steamy sifi story. Contains MM and MMF menage sex. Set in a universe of loose planetary alliances. A race of telepaths are working with a race of people who consider telepaths as undesirable and disposable. Major Esca leads a special forces team of telepaths. He is leading a joint mission and a female telepath, not of his people, is left behind. Private Soreya Lang has never met an adult male telepath, as is drawn to Major Esca. Major Esca thinks Soreya is his other mate. His people mate in triad bonds or any gender form. Major Esca is second male and is already mated to Senator Ash. Esca has Ash pull some strings to get Soreya assigned to their world. Now it's up to the two men to convince Soreya that she belongs to them.

I liked this one. It's maybe a 3.5. It was just a little strange even for me. And I like sci fi romances and sometimes straight sci fi. I really like Soreya and Esca. They were amazing. Both were strong characters. Both were from the army and great fighters. Ash is just - strange. I didn't like him. I was amazed Soreya or Esca tolerated him. However, they tolerate him. He is even the "first" male or the boss of the three. But he is the "weakest" character. When Soreya comes into the picture he avoids her. Then all the sudden they are hopping into bed. So here it is - I loved the first part of the book. It was well worth reading. The end of the book was not so good.
