Billionaire's Surrogate Secrets (A BWWM Romance)

Synopsis

One mistake can change everythingâKatie Dash is desperate for money. With a mother suffering from advanced Alzheimerâs, she has no idea how she will raise enough money to keep her in L.A.'s best nursing home. She puts in as many extra shifts as work as she can, but she needs to act fast if she wants to ensure her mother's well-being. Salvation comes in the form of Preston Henslowe, a staggeringly handsome, self-made billionaire with dark green eyes that can reduce any woman to putty. He wants her to surrogate for him, in exchange for money. Determined to provide for her mother, Katie accepts at once. But a single mistake changes everything. As they unexpectedly fall in love with each other, will Katie ever come clean about the numerous secrets she's hiding? And what happens when Preston discovers the truth about the woman who captured his heart like no other?**** This is a standalone full length BWWM romance novel with an HEA ****

Customer Reviews

This story is about a young lady who had to drop out of college to save her mother but found herself being blackmailed by coworkers. But in the end she found the love she was looking for by Preston. Preston was tired of being disappointed and trying to fit in with his family but didn't realize

how much he didn't need it until Katie stepped into his life. Destiny books never fail to disappoint me!!!

I have been a fan of destiny's for a few months now and this is yet another story that entertained me. However, this story differs from the others that I read from this author. Along with the typical rich-boy-meets-modest girl theme, there is a slightly more serious edge as the heroine's mother suffers from Alzheimer's. My own dad had it and that hit home for me. This book does capture the struggles faced by people catering to Alzheimer's patients. Also liked Katie's sass!

I enjoyed this read honestly finished it in 5hrs. This was a very sweet love story and showed how easily people get carried away for money and the things that they do but love concurs all, it also shows how you can judge a book by its cover and things everything is as perfect as it seems. And it also showed you the value of family and respect

This was an okay book. I felt like the Katie would have kept the lie going to Preston . If not for the blackmail from her coworker. Preston for a rich man, let his family walk all over him . Katie was desperate for money for her mom she did what she needed to do. This book touches on the disease of Alzheimer's with dementia .

This book was my first by the author and it was okay. I didn't have a problem with her writing style I had a problem with Katie. I literally hated her she was selfish and stupid. I found myself wanting Preston to find someone else. To me he forgave her too easily. The lie she told was just unbelievable I just couldn't with her after that I was done but I wanted to finish the book. And I would have loved it if Preston would have took the baby and found somebody who was truly worth his love.

I LOVED THIS STORY AND WANTED IT TO CONTINUE.
