Desperate: I'll Do Anything For Love

Synopsis

A broken woman is a dangerous woman....Especially if she's DESPERATE! When a man tells you that he loves you, do you actually believe him? Unfortunately, Serenity did and it was the biggest mistake of her life! She fell head over heels in love with charming, attractive, slick-talking Elroy and instead of him giving her the happily-ever after that he'd promised her, he gave her much worse; a broken heart. And now somebody has to pay for the pain that he caused her. But nevertheless, she still loved him and she was determined to make him love her too. Even if she had to take away everything and everybody that he loved to do it. What would you do if you were Desperate? Lies, secrets, twists and turns, nothing is ever what it seems and no one is ever who they appear to be. Be careful what you do to someone because you just never know what may send them over the edge or what someone is capable of doing... Especially if they're DESPERATE!

Customer Reviews

I loved this book. I hate I waited so long to read it. The main character Serenity was cray cray yet she wasn't the only one. All of the characters had secrets with them that made the story more

interesting. There were so many twists and turns you didn't see them coming. Good job BM.

Wow....Just WOW.....this book touched on so many subjects/situations, that it's absolutely impossible to hit them all in one review. But I will say this, for any woman (or man) that finds themselves in situations identical to Serenity, know that at the end of the day, Karma is real and everything isn't as it always seems. Sometimes what you are desperately holding on to and fighting for, isn't what's meant for you or what it seems. This book was very well written and completely relatable. I think all women (and men) have a little bit of Serenity in them....not as extreme as her, but at some point we have all been her. This was a relatable fiction story, that can be anyone's true, real reality. I can go on and on about this book, but I may slip a few spoilers in there....so I'll stop here and say, if you're looking for something packed with suspense, mystery, drama and thrills, you DEFINITELY need to add this book to your collection. GREAT JOB!

B.M. Hardin has done a wonderful job again. This standalone was an awesome read. When I tell you this book makes you realize that karma is real. when they say its nothing like a woman scorned baby they were telling the truth. serenity is proof of that saying. serenity went to great extremes to keep a man that really didn't wanna be kept. he played her to the fullest. keira that was a true shocker. I really thought she was scorned also. but damn big nate being her dad was a shocker also. this whole book had many twists and turns but they were good twists and turns. the characters were very well developed. this whole story sums up being desperate and how far you would go for someone love and attention.

Awesome 5 star readWow B M Hardin has done it again. Great read and the title was very fitting got the storyline. Enjoyed from beginning to end. Damn Serenity was crazy and desperate to have Elroy but in this case be careful what you ask for because little did she know what looks good isn't always good for you. Loved the twists and turns that was so unexpected bi never saw them coming but when they did they came in full force leaving me with my mouth open saying OH HELL No. Great job BM Hardin keep doing what you do and I will continue to read.

This book was off the freaking chain!!!! B.M. Hardin has a way of creating a plot, making you either love or hate the characters, and then going completely left in the end with her twists.... I honestly do not know how she comes up with her twist, but I like them!!!! Serenity was definitely one of a kind, really off her rocker, but somehow I understood her! If you are looking for a good stand alone

book with a even better ending, stop reading the reviews and one click.. this is your book!!!!

Serenity is a woman who appears to have it all together on the outside but she doesn't take rejection or being lied to very well. She believes in making them pay. Such is the case with Elroy who lies and lies and those lies catch up to him leading to her plotting revenge. I'm not sure if she should be classified as crazy or a hurt woman but this book had so many twists and turns that I never imagined as well as the way the characters were all intertwined. Great read

Holding my head in shame for taking so long to read this juicy, juicy book. I have been so busy. that darn Serenity was SUPER desperate for love. as I call it hard up for a man. Three years of being played and she still wanted Elroy. Oh hell no sister. Hell everyone in this book was vindictive and played one another like a fiddle. I'm still shaking my head. all I can say is GREAT JOB BM. Keep pulling these banger out of your hat.

B.M. Hardin always get all of my stars!!!! I just love the way she write her books! Interesting from the beginning, with the endings having your mouth agaped wide opened!!! In shock of course! In this book "Desperate", Serenity shows you the real definition of the term "cray-cray" (crazy) lol! If this is your first book of hers that you've read, please purchase "The Wrong Husband" pt. 1 & 2. You will absolutely love them!!!!
